OBJECTIVE

Passionate and results-driven Java Developer skilled in building robust and scalable backend systems using Spring Boot, Spring Data JPA, MySQL, and REST APIs. Strong in problem-solving, debugging, communication, and agile teamwork, with a keen interest in developing reliable software solutions and contributing to innovative, impactful projects as a Backend Developer.

EDUCATION

Bachelor of Technology in Artificial Intelligence and Machine Learning **2022-2026**
Technocrats Institute of Technology and Science [Bhopal, Madhya Pradesh], CGPA: 8.44/10

Senior Secondary Education (XII), Science **2021-2022**
Government Higher Secondary Model School, [Ramnagar, Madhya Pradesh], Percentage: 88.40%

Senior Secondary Education (X) **2019-2020**
Government High School Mankahari, [Ramnagar, Madhya Pradesh], Percentage: 93.25%

TECHNICAL SKILLS

- **Languages:** Java, C, C++, C#, Python, SQL, JavaScript, Generative AI
- **Web & Frontend:** HTML, CSS, JavaScript
- **Databases:** MySQL
- **Backend Frameworks:** Spring, Spring Boot, Spring MVC, Spring Data JPA, Microservices, Rest API
- **Tools:** Git, GitHub, Maven, Postman, VS Code, IntelliJ, Eclipse, STS, Rest APIs
- **Computer Fundamental:** OOP&M, DBMS, DSA
- **Soft Skills:** Adaptability, Problem-Solving, Teamwork

PROJECTS

BLOGHUB APPLICATION (FULL STACK BLOGGING PLATFORM) :

- **Tech Stack:** HTML, CSS, Javascript, Bootstrap, MySQL, Spring Core, Spring Boot, Spring Rest API.
- **User-friendly features:** User authentication, blog creation & management, commenting system, real-time content updates
- **Responsive & Scalable:** Mobile-friendly UI with fast-loading performance, secure data handling, and efficient content management.

GADGETHUB (E-COMMERCE APPLICATION):

- **Tech Stack:** HTML, CSS, Javascript, Bootstrap, MySQL, Java, JEE, JDBC, JSP.
- **User-friendly features:** Includes secure payments, real-time order tracking, reviews, and personalized recommendations.
- **Responsive & Scalable:** Designed to handle high traffic with mobile compatibility and fast-loading performance.

ONLINE VOTING APPLICATION:

- **Tech Stack:** HTML, CSS, JavaScript, MySQL, Spring Core, Spring Boot, Spring Data JPA, Spring Rest API.
- **User-friendly features:** Includes secure voter authentication, real-time vote casting & tracking, and transparent result generation.
- **Responsive & Scalable:** Designed to handle high traffic with mobile compatibility and fast-loading performance.

INTERNSHIP

- **Java Developer Intern - Sharma Computer Academy (SCA)** (Aug 2025 - Oct 2025)
  Contributed to **HireSence**, an AI-driven resume screening platform, by developing and optimizing backednd services using Advanced Java and MySQL. Design and impliment efficient business logic and data integration processes. Improved API performance and collaborated closely with the team to integrate AI modules utilizing Servlets JDBC for seamless sytem functionality.

CERTIFICATION

- IBM-certified Java Fundamentals professional.

ACHIEVEMENTS

- **Solved 500+ algorithmic problems** across LeetCode, CodeChef, HackerRank, HackerEarth, and GeeksForGeeks strengthening problem-solving and competitive programming skills.
